# A fall tradition

## Willing workers help take down poplar piers in Dunnottar

By Lindsey Enns

Don Skorupski still remembers how a wicked storm in the early 1970s destroyed several of the now iconic poplar piers along the southwest shoreline of Lake Winnipeg.

The 78-year-old says he's been involved with the set up and take down of the public and private piers since he was 15. The piers have now been around for more than 100 years.

Skorupski says the main idea behind the piers, which are erected each spring and removed after the September long weekend, is to help get lake lovers over the rocky shoreline and onto a nearby sandbar.

"You get out a couple hundred feet and there's a beautiful sandbar," he said. "And some water."

Village of Dunnottar Mayor Rick Gamble said over the years the piers have become and remain a large tourist attraction for the area.

"We're seeing more and more peo-

Don Skorupski, pictured above left, inspects long pieces of poplar for zebra mussels while crews, pictured above right and below, take down a pier in the Village of Dunnottar last Wednesday morning. The iconic poplar piers, which have been around for more than 100 years old, are erected each spring and taken down after the September long weekend.

ple from Selkirk come," Gamble said. "They seem to be a favourite in the artist world whether they're photographing them or painting them and they seem to sell well to the public."

Skorupski said at one point in time they were setting up around 30 piers each year. This past spring they set up about 15 of them, eight of

which were public and the rest were private.

Putting up a pier takes anywhere from three to four days, while the take down can take roughly two to four days, Skorupski said.

"It's hard to get help because it's such hard work," he said. "One every eight years needs to be replaced."

On a warm and sunny fall day last Wednesday morning three crew

members were spotted taking down the pier at Bowling Green Park off Gimli Road. In between removing planks from the pier, Mathew Piper said he doesn't mind the hard work involved.

"I like being outside, being out-

doors and being out on the water," Piper said. "Not many people like doing this job. It's a lot of work and in the spring time it's windy and a lot cooler. "But on a warm day like this it's enjoyable."

Gamble said over the years the piers have been subject to some vandalism but for the most part they are a beloved part of the community.

"I don't think anybody's looking forward to the day when we don't put them up," Gamble said, adding the village budgets to cover the cost of putting up, taking down and replacing the piers when needed. "I know one year we had such high water levels that we were going to cut back to three and people were upset.

"We ended up doing all of them but we shortened them."

For more information about the piers, visit the Village of Dunnottar's website at [dunnottar.ca](http://dunnottar.ca).

### Selkirk Clinic Closed

After 32 years in business, Zelcer Denture Clinic has closed their Selkirk, MB clinic.

We will continue to provide complete denture care to all of our Interlake clients at our Winnipeg location, 1570 Main Street (West Kildonan).

# Two local women wounded during mass shooting in Las Vegas

By Jennifer McFee

Two nearby communities are still in shock after two local women were shot during a mass shooting in Las Vegas last weekend.

Jody Ansell of Stonewall and Jan Lambourne of Inwood were attending the outdoor Route 91 Harvest country music festival on the Las Vegas strip on Sunday when a gunman started firing at the thousands in the crowd from the 32nd floor of the Mandalay Bay Hotel.

In a media interview, Ansell said that she saw Lambourne drop to the ground and later found out that her friend had been shot in the stomach. Lambourne, who owns Sole Purpose Reflexology and Hair Salon in Teulon, was scheduled for surgery Monday and was reported to be in stable condition.

Meanwhile, Ansell was caught up in a stampede of people who were running for their lives. She was shot in the arm during the chaos, but she could only think about getting home

to her family. She ended up at Rose Siena Hospital and she posted a message on Facebook since she lost her cell phone during the commotion.

"I'm at the hospital and am OK," Ansell posted Monday morning, prompting an outpouring of online support from across the country. "I was shot in the right arm and the medical staff are taking care of me."

Later that day, she updated her post to provide more information about her situation.

"With the help of the hospital staff just wanted to give you a bit of an update. I am not going to need surgery as ct scan shows bullet exited and x rays show nothing is broken from what they can tell. Other than the pain and road rash I am going to be o.k. I am so relieved to hear Jan is being looked after however we are at different hospitals and no communication," posted 43-year-old Ansell, who had reportedly been staying at the Mandalay Hotel.

"Last night was the scariest thing

I've ever gone through and all I could think of was my kids. I had to get out of there! Was so relieved to hear from them this morning. My husbands on his way here to be with me! I wanna thank everyone for all the love and prayers.....love you all. Keep you updated when I can xo."

At press time, reports indicated that at least 58 people were killed in the massacre, which is being called the deadliest mass shooting in modern American history.

More than 500 people, including Ansell and Lambourne, were sent to hospital. The shooter was identified as 64-year-old Stephen Paddock of Nevada. He is believed to have killed himself before police could enter his suite. Authorities are calling the incident a "lone wolf" attack.

Meanwhile, friends and family are keeping Ansell and Lambourne close in their hearts as they wait for word on their recovery.

# Owner unveils plans to shake up Selkirk's Snak Shak

## Popular burger joint being demolished and then rebuilt

By Justin Luschinski

A popular greasy spoon in Selkirk is gearing up to serve its final customers out of its current building.

Snak Shak, a long-standing burger and ice cream shop, is going to be torn down and rebuilt into a new venue, while still serving up the same treats.

Shawna Witko is the current owner of the Snak Shak, which has been serving local and area residents treats for 18 years. She said that she's sad to see the old building go, but she's hopeful for the future of the business.

"It's exciting, but it's also a little bit sad to see the old building go, everybody is saying that you'll shed a tear, and they're right, I'll probably shed a tear," Witko said. "The people of Selkirk are really going to like our plan ... I think Selkirk is really going to enjoy what we're going to offer."

Witko invited community and area members to sign the old building, while serving up free cake, hot dogs,

RECORD PHOTOS BY JUSTIN LUSCHINSKI

Former owners and current owner of the Snak Shak, Shawna Witko, pictured third from right, gather for a photo during a special gathering last Saturday. The popular burger and ice cream joint is being torn down later this month and rebuilt.

and drinks to celebrate the many years that it's been open last Saturday. She also invited some of the previous Snak Shak owners to stop by and share some of their memories.

Baty Alan, who owned the Snak

Shak 30 years ago, said that he's sad that the building is being torn down, but he will always have his memories of his time there.

"It's good to be back ... I used to come here in the 40s, my dad would give

me five pennies, to buy candy here," Alan said. "One time we had this big potato peeler, 30 to 45 pounds, I had Gordie (his employee) put some potatoes on it. I yelled 'Gordie, come up here!' And when we came back down, the potatoes were gone, just cut into strands."

Witko said that the old building needed to be replaced because of safety concerns. They also plan to make a few additions to their new building, which will include a place where patrons can order food indoors.

The Snak Shak is set to be demolished in mid October.

# Poplar Forest Lodge owners officially open new campground

RECORD PHOTO BY LINDSEY ENNS

Local and area dignitaries gathered to help cut a long red ribbon to officially open the Poplar Forest Lodge bed and breakfast and campground located at 81023 Two Mile Road in East Selkirk last Friday afternoon. The bed and breakfast and campground, owned and operated by Peter and Patti Tomko, is a project 10 years in the making. The 28 acre site is home to 14 campsites. Daily and weekly camping is available. Poplar Forest also offers hiking trails, swimming, berry and mushroom picking, skating during the winter months and a group fire pit. For more information, call 204-482-5148 or email poplarforestlodge@outlook.com.

# WSP leaf depot open until Nov. 16

Staff

A mountain of leaves is starting to take shape outside the RM of West St. Paul municipal office parking lot as residents take advantage of the annual leaf depot set up there.

The leaf depot will be available in the parking lot until Nov. 16. Residents are encouraged to put their leaves and grass clippings into paper bags and bring them to the leaf depot for pick-up and removal by Emterra.

Leaves at the leaf depot are taken to the landfill and put in a separate yard waste area where they are turned into compost, thus avoiding the RM being charged per tonnage for leaves picked up at curb side that go into the garbage stream.

# Noise complaints prompt city to look into silencing train whistles

**Staff**

The City of Selkirk is investigating its options when it comes to train whistles following several complaints from community members this summer.

David Thorne, the city's director of protective services, says the city has begun Transport Canada's whistle cessation process, an eight-step investigative procedure to determine whether the whistles should continue or be replaced by some other safety measure.

"This year in particular we've received well over a dozen complaints of loud noise from train whistles," Thorne stated in a release on Monday. "We've never seen this number of complaints."

Selkirk Mayor Larry Johannson said the number of complaints council received regarding train whistles was concerning and administration was

prompt in reacting.

"Safety at a rail crossing is always our number one issue, and it always will be. But when we hear from so many citizens that there's a problem with the noise, we want to look into it and see if there's anything we can do to improve the situation," Johannson said. "We're doing that now and we want the people who live along the railway to know that we are looking into it. It's going to take time, but we want to come to a resolution that works for the people who live there, and for the railway, and is of course safe for everyone."

The city will work through the cessation process with Canadian Pacific Railway (CPR). The investigation will include the six railway crossings within Selkirk, from Queen Avenue to Gerdau-Ameristeel along the CP tracks. However, Thorne said the ma-

majority of complaints have come from residents near the Strathnaver crossing, where residents say the train whistles are occurring during the early morning hours.

The city initially spoke with CP Rail, and the company indicated there has been no change in its operating procedures. The city decided to pursue the process after consulting with Transport Canada.

According to Transport Canada's Procedure for Train Whistling at Public Grade Crossings, all trains are required to whistle whenever they approach a public crossing, as required by the Canadian Rail Operating Rules.

However, there is recognition of the fact that this can be "bothersome to people living nearby and municipalities may wish to end the whistling to provide local residents with relief from the noise."

The eight-step process begins with citizen requests to stop the whistling. The municipality and CP Rail will then determine if it's necessary and safe to do so. Council may then pass a resolution to prohibit a train from sounding within the specified zone. The municipality and CP Rail would then share responsibility for monitoring and maintaining the conditions of the cessation.

Thorne said public safety is always the city's primary concern and if the investigation results in a whistle stoppage, some other form of warning device may be utilized. Thorne added that the process is often lengthy and may take upwards of a year to complete.

Those with concerns are advised to call CP Police at 1-800-716-9132 or visit [cpr.ca/en/contact-us/general-contact-form](http://cpr.ca/en/contact-us/general-contact-form) to register a complaint.

## Taking Charge of Your Mental Health

**Mental Illness Awareness Week, from October 1 – 7, 2017**, is an annual national public education campaign designed to help open the eyes of Canadians to the reality of mental illness. This reminder about taking charge of your mental health is brought to you by the Interlake Eastern Suicide Prevention Committee.

Want to know what resources are out there to get you started on your mental wellness journey? Visit the Interlake-Eastern Regional Health Authority website to see a list of resources available for all ages. Whether it is resources, information, smart phone apps or self-managed tools to support and improve your health and wellness, it's all there! Check out [www.ierha.ca](http://www.ierha.ca), click on Care in Your Community, and then Mental Health.

### FIND THE RIGHT SPECIALIST

-  Ask your doctor or nurse to help you find a specialist and make your first appointment
-  There may be a long wait for your first visit, so speak up if you need to see someone right away
-  If the first mental health specialist you see isn't a good fit, keep looking for one who works for you

**DON'T FORGET!**

- > Surround yourself with family and friends
- > Talk to a counselor, social worker, nurse or trusted adult
- > Continue doing what you love: reading, sports, writing, nature walks, creating art

### MAKE YOUR FIRST APPOINTMENT COUNT

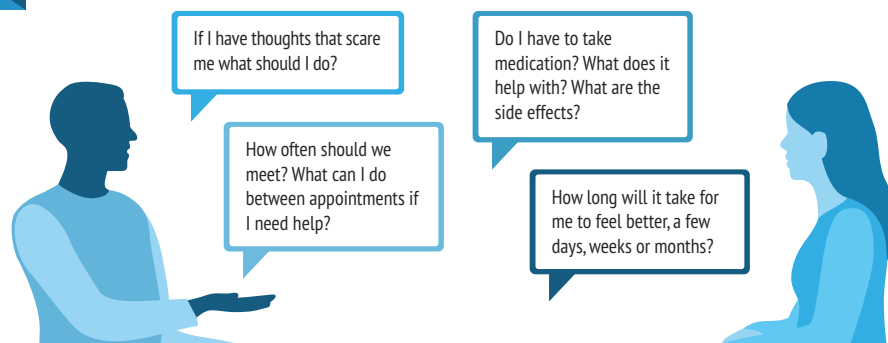

-  Be ready to talk about your health history and what you're experiencing
-  You may be asked to fill out a questionnaire describing your mental health experience
-  Be clear about what you want and need to get better
-  Ask the mental health specialist to explain treatment options so you understand the plan and what you need to do

**BounceBack**  
reclaim your health

Ask your health care provider about Bounce Back, a mental health program for people 18 and over experiencing low mood, depression, stress, worry and /or anxiety. The program uses telephone coaching, an educational video and workbooks for people to learn new techniques to reduce symptoms.

For more information, talk to your health care provider or call the Bounce Back line at 1-844-733-8181.

### ASK QUESTIONS

If I have thoughts that scare me what should I do?

Do I have to take medication? What does it help with? What are the side effects?

How often should we meet? What can I do between appointments if I need help?

How long will it take for me to feel better, a few days, weeks or months?

### STAY INVOLVED

-  Keep a wellness log and monitor your progress
-  Ask for changes if your treatment plan is not working for you
-  Stick with it; most therapies and medications take time to work
-  Your treatment plan may change, so be an active partner in this process

### LIVE WELL

-  Remember that you have control over living well
-  Find a routine that works for you that includes a healthy diet, exercise and regular sleep patterns
-  Stay close to your support network. Engage family, friends, teammates and your faith community. Think about joining an online community
-  Be realistic and mindful of your needs and know your limits

### GETTING THROUGH IT

- > Try staying away from drugs and alcohol. This is not always easy, so find strategies that work. Using drugs or alcohol to feel better is harmful to you.
- > If you use alcohol or drugs, be honest and tell your therapist or doctor because it affects your care plan.
- > Stay positive. Surround yourself with positive messages, people and activities. This will help you to feel better.

# IERHA helps recruit 19 new doctors, 3 specialists

By Lindsey Enns and Justin Luschinski  
The Interlake-Eastern Regional Health Authority (IERHA) has managed to recruit 22 new physicians, but more doctors are still needed across the region.

"We're not out of the woods yet in terms of our physician recruitment needs," IERHA CEO Ron Van Denakker stated in an email to the *Record* last week. "We still have around 21 physician vacancies that we're looking to staff all over the region."

Despite struggling with a doctor shortage, Van Denakker remains optimistic.

"Establishing a clinical teaching unit based in Selkirk but servicing all areas of our region is the next priority for Interlake-Eastern RHA in terms of our recruitment agenda and we're making very good headway on this front," he added. "We have a multi-party task force in place and they are mapping out our next steps."

"We are working to keep our momentum going and we have 12 physicians slated to begin with the RHA next year."

Nineteen new physicians have already started or will be arriving in several communities over the next several months including Selkirk (two), Ashern (two), Eriksdale (one), Arborg (one), Teulon (two), Stonewall (two), Beausejour (two), Pine Falls (three), Gimli (three) and Brokenhead

**RECORD PHOTO BY PATRICIA BARRETT**  
Interlake-Eastern Regional Health Authority (IERHA) CEO Ron Van Denakker announces that the IERHA has recruited 22 new physicians during a press conference in Gimli last Wednesday.

(one).

Three specialists have also been recruited to the region to provide palliative care, surgical and hospital services.

Physicians coming to work in the region are a combination of recent medical school graduates from Canada, international medical graduates and physicians recruited from other countries such as the United Kingdom.

Selkirk MLA

Alan Lagimodiere said he is "really proud" of the efforts the IERHA has made to recruit new doctors.

"Bringing in 22 physicians to this area is a big step in the right direction," Lagimodiere said. "We know we still need more ... but our team is working very hard to make sure we can get those doctors in this region."

"The next step is to make sure that all these communities go out of their way to welcome these new doctors and make sure we can keep them in the area."

As for how the provincial government is helping with the recruitment process, Lagimodiere said they have been focused on showcasing opportunities available in the area.

"Right from recreational to schools to social activities, those are the keys to keeping doctors in our areas," he said, adding the new Selkirk Regional Health Centre is also appealing to new doctors. "That is certainly something that all doctors should look at, an opportunity to practice in a state of the art facility."

"Physicians in rural communities have told us that at times they feel isolated, and many have left to work in larger centres or facilities where more people and resources are available," Health, Seniors and Active Living Minister Kelvin Goertzen stated in a release last week. "To address this, the Interlake-Eastern Regional Health Authority has been implementing new, team-based models of primary care."

RED RIVER > CHALET BEACH > LAKE WINNIPEG

> ARNIE WEIDL

## Jumping jackfish

Hello good friends. It was cool and blustery on the Hnaua pier last week and that had forced Vivian Delorme and her mother Isabelle Jones to use their car as a wind break so they could sit fishing out of the wind.

They had many layers of clothing on and their heads were covered with hoods yet Vivians' generous smile and ready, "hi how are you," brought me to their side asking for a fishing story. Vivians' caring easy nature came through with her every word. She was from Warren having taken her mom out of the Stonewall Rosewood Lodge for an afternoon of fishing.

Isabelle was sharp as a tack speaking in short sentences and "Vi" was all fun as she described an experience when she and her husband were fishing on a warm hazy day off the narrow 518 lane on west Shoal Lake.

She was a good distance from her husband and suddenly caught a jackfish. She didn't have a string to keep the fish and not wanting to leave it on the ground fearing it might flop back into the water she put her foot on its' tail and continued fishing. She caught another jack! Now she was in a predicament she didn't want to take her foot off the first fish but now the second one was on the lane violently flipping this way and that.

With some imaginative body gyrations Vi managed to trap the tail of her second fish with her other foot but now she was unable to move. She started yelling at the top of her lungs for her husband to come help. He come running thinking she was hurt then stopped and taking in the sight of Vi in a wide stance with jumping jackfish under her feet, he started laughing and laughing and laughing.

Back on the Hnaua pier a cheer arose as the only person to catch a

fish all day, Joe Ochman from Winnipeg raised his rod high and a pickerel popped from the water onto the pier. I had to coax him to let me take a picture of it for us. In his mind it was too small, not that he was willing to throw it back in the lake. He felt he had come all this way to fish and he was going home with something! Last weekend, driving down the slope to Balsam Bay's harbors' edge, I saw three anglers getting their boat ready for travel having just pulled it out of the water.

I got out of my car expecting to greet them and ask about their fishing experiences but they beat me to it calling out my name and inviting me over beside their boat. The lady, Yvonne Heilmann, a strong, agile outdoors person was tanned with short straight slightly grey hair and ready with a story.

She dove right in saying a few weeks ago she was fishing with a friend and his two little daughters in a small aluminum boat when she caught a big pickerel. It was hot, sunny and windy as the fish fought, dazzling everyone in the boat with a sparkling spray it sent into the air. Then it swam straight for the boat and under it pulling Yvonne's line tight against the little crafts side which began waddling from side to side causing the occupants to shift nervously in their seats. Staying deep, the fish decided to come around the bow of the boat and in doing so caught the handle of their net flipping it in such a way as to catch Yvonne's friends half open tackle box with his fishing license in it spilling it over the side of the boat.

The net also gave Yvonne a smack in the head for good measure. The box floated bouncing about in the water teasingly just out of their reach. She grabbed the net and turning to the

**RECORD PHOTO BY ARNIE WEIDL**  
Joe Ochman of Winnipeg with his "wonderful" pickerel catch off the Hnaua pier.

opposite side of the boat lowered it under the escaping tackle box. Relieved, Yvonne, on her knees, captured and began retrieving the box hand over hand. Her head jerked up, something else was hitting her! She realized instantly the fishes' tail she had caught was smacking her in the butt! The little girls rocked from side to side screaming with laughter crying out, "aunty Yvonne's getting spanked by a fish!" It all ended well though, Yvonne's friend got his tackle box and fishing license back while the fish made a nice addition to supper!

Last Wednesday I met a big burly grey haired guy by the name of Stan Champagne who spent so much time on the Selkirk pier he devised a plastic pipe fishing rod holder that fit the drain holes on the pier. Smart man! Bye for now.

# Selkirk-Winnipeg bus service unveils freight option, expansion plans

By Lindsey Enns

Starting sometime next month, Ontario-based Kasper Transportation Service will be adding a freight option to their Selkirk to Winnipeg bus route.

Maisie Hicks, general manager of Kasper's Manitoba and Ontario divisions, says they are hopeful the added service and their future expansion plans will help ensure the service stays in Manitoba.

"That will help offset the slow times when we don't have maybe as many passengers riding," Hicks said, adding they plan to offer all kinds of freight options but they are still working out their rates.

Starting in November, freight from Selkirk will be dropped off at Kasper's headquarters in Winnipeg or they will offer door-to-door service. Freight from Winnipeg will be dropped off at a central location in Selkirk, which is still being determined, Hicks said.

"That's still in negotiation," she said. "I think it will be a great thing for everybody if it works out."

Kasper Transportation Service took over the Selkirk to Winnipeg bus route on Sept. 5 shortly after Exclusive Bus Lines announced they would be cancelling their commuter service.

The company said due to "unpredictability and decline in ridership"

SUBMITTED PHOTO

Ontario-based Kasper Transportation Service says it plans to add a freight option to its Selkirk to Winnipeg commuter service starting this November.

they were no longer able to operate the service.

Kasper Transportation Service currently runs four 10 to 15 passenger mini buses in the morning and four in the afternoon daily from Selkirk to Winnipeg. Hicks said they are also adding a new 30 passenger bus into the rotation, which was expected to hit the road sometime this week.

Since the new service launched in September, Hicks said they have been

transporting on average about 75 passengers per day, which she admits is down a bit when compared to Exclusive Bus Lines.

"What we're trying to do is make sure that we have the appropriate equipment to sustain what we have for ridership and then we will change our outlook and see how we can gain the ridership back," she said. "We just want to make sure we have all of our ducks in a row and we know what we

can and can not do."

The cost for a one-way ticket from Selkirk to Winnipeg is \$11 for an adult or \$10 for a student or senior and a return ticket is \$20 for adults and \$18 for a student or senior. Monthly passes are currently available for purchase at the Gaynor Family Regional Library, Selkirk Transit and Harry's Foods in St. Andrews.

Hicks added in the near future they plan to add online booking to their website, gokasper.com. The service's Selkirk to Winnipeg route schedule can also be found on their website.

"They'll be able to pay online, they won't have to go to any of the locations," she said.

Hicks said they are also looking at expanding the service from Pequis to Winnipeg and out to Winkler and Morden to Winnipeg and from Steinbach to Winnipeg in the next six months to one year.

"That's really good news to Manitoba," she said, adding starting next month they will be offering rides from Winnipeg to Sioux Lookout, Ont. "That's really big news too because that's a service that isn't available to anybody."

"So we're very excited about all of the expansion."

# Provincial committee launches The Road to Zero: Manitoba Road Safety Plan

Staff

A new plan by the Provincial Road Safety Committee aims to provide a vision for Manitoba to have the safest roads in Canada.

The Road to Zero: Manitoba Road Safety Plan 2017-2020 – the first plan of its kind in Manitoba – adopts a Safe System approach for Manitoba which envisions a more forgiving road system that takes human imperfection and vulnerability into account and considers all parts of the road system holistically in developing solutions to eliminate injury and death, the ministers added.

Highlighted priorities include more co-ordi-

nated research and planning between agencies within the Safe System, early adoption of automated vehicle technology, improved safety for vulnerable road users through smart road design, evolving Manitoba's traffic safety culture, reducing driver distraction and impairment, increasing awareness of medically at-risk drivers of all ages, and examining new speed management strategies to lower risk, among others. To align itself with current national and international best practice in road safety, Road to Zero also supports a Toward Zero future vision where roadways are free of traffic fatalities or severe injuries.

## Two-car crash on Main St.

SUBMITTED PHOTO

Emergency crews and RCMP members responded to a two-car crash on Main Street at Sutherland Avenue in Selkirk last Friday afternoon. According to RCMP, a red van was northbound on Main Street when a white car travelling westbound on Sutherland Avenue collided with the van at the controlled intersection. Both lone drivers suffered minor injuries and alcohol was not a factor. RCMP say the investigation is still ongoing.

# Event to shed light on the importance of saving Netley-Libau Marsh

By Justin Luschinski

Lake Winnipeg is in danger of losing one of its most important water filters. The Red River Basin Commission is hosting "Marsh Day," on Thursday,

Oct. 12. It's a day where people can learn about the Netley-Libau Marsh, and how they can help save it.

Steven Strang, a representative of the Red River Basin Commission, said that this marsh is integral to the health of Lake Winnipeg, and it might be lost for good.

"Nobody wants to leave a legacy of destruction. Our children, our grandchildren, are going to look at this and ask: Why was this not saved? ... If people do not act, we might lose the Netley side of the marsh, it will be so damaged that the cost of revitalizing that marsh would not be feasible," Strang said.

The Netley-Libau Marsh is the largest coastal wetland in North America.

Strang said that the marsh is constantly flooded, so no natural marsh fauna can grow. Fish also like to spawn in marshes, but since the Netley-Libau Marsh has lost a lot of its plants, very few fish will lay eggs there.

Gordon Goldsborough is a Wetland Ecologist at the University of Manitoba. He said that the Netley-Libau Marsh works for Lake Winnipeg the same way a kidney would for a human.

"We say marshes are 'Nature's Kidneys.' They help purify water ... Whenever the water comes from, passing through farmlands and homes, as it passes through the wetlands, the contaminants are removed. Without those marshes, the water becomes more contaminated," Goldsborough said.

According to Goldsborough, there are a lot of reasons for the degradation of the Netley-Libau Marsh. Marshes need periods of flooding and drought, so that the fauna has a chance to grow, which would attract wildlife that is essential to the habitat. But due to various factors, including how the water levels are controlled for the purposes of hydro or flooding prevention, the marsh is receiving too much water.

For more information, or to attend the Marsh Day event, email [info@redriverbasincommision.org](mailto:info@redriverbasincommision.org).

### Discover loans that are right for you

The Manitoba Agricultural Services Corporation has been providing financial assistance to producers for almost 60 years. We have increased our loan limits, introduced financing for equipment and operating expenses, and increased our level of service to producers to help meet all of your farm financing needs.

# Students help plant new roots at Centennial School

By Justin Luschinski

Hundreds of local students had a chance to help plant trees outside their school last week.

Centennial School held a tree planting ceremony last Wednesday giving students a chance to learn about why these trees are important to their community.

Ken Frosty is the community advisor for Tree Canada. He said that it's great that these children are getting involved with their community.

"The trees that were planted here will provide multiple benefits, like shade, shelter, wildlife habitats ... It's wonderful to see children involved in these tree plantings, so they can learn the benefits of these trees from a young age," Frosty said.

The event was sponsored by Home Hardware, which provided more than \$2,000 worth of trees to be planted. Many of them are maple trees, in honor of Canada's 150th birthday. This is the fifth year that Home Hardware has helped out with the event.

Lord Selkirk School Division Supt. Michele Polinuk said that it's important to teach children about how to take care of the environment.

"(The tree planting) brings a sense

RECORD PHOTOS BY JUSTIN LUSCHINSKI

Selkirk's Centennial School hosted a tree planting ceremony last Wednesday giving students a chance to learn about the importance of planting new trees.

of community to the school, not only the community of the students and the staff but those who use the playground in the evening. It also brings about a learning opportunity for the children, learning about plants and trees, and how we have to take care of the earth," Polinuk said.

The planting also took place on National Tree Day, which falls on the

Wednesday near the end of September. The day is celebrated across the country with tree dedications, plantings, educational workshops, and seminars.

Polinuk said that these trees will bring a sense of community to the school.

"It will teach the children to take ownership of their playground. It's

their playground. We want to give them a sense of ownership and a sense of pride for their space," she said.

The event was also funded by grants from Centennial School fundraising, Centennial School Parent Advisory Committee fundraising, a grant from the Selkirk and District Community Foundation and a grant from Gerda.

## Province requests cannabis act clarity

Staff

Manitoba is continuing to seek further clarity from the federal government on how it plans to support provinces in the implementation of The Cannabis Act, Bill C-45.

At the Council of the Federation (COF) meetings on July 17 to 19, provinces and territories agreed to establish a working group focused on key areas related to the legalization of cannabis.

As indicated in a letter to co-chairs by Alberta Premier Rachel Notley, chair of the COF meetings, those key areas are: implementation date; taxation and revenue; public education, training and research; regulation of cannabis; drug impaired driving; and production, distribution and commercialization.

The Manitoba government recently concluded an expression of interest period on Sept. 8, which allowed industry in Manitoba to provide ideas and potential solutions for distribution, regulation and quality control. This EOI resulted in nearly 60 submissions, which are currently being evaluated by Manitoba's Department of Growth, Enterprise and Trade.

# New Selkirk Pharmacy looks to connect with patients

By Justin Luschinski

A new pharmacy has opened up inside the Selkirk Medical Centre.

Selkirk Pharmacy had an outreach event last Tuesday, where they served drinks, hamburgers, and hotdogs to anyone who was walking into the centre.

Indy Ruprai is the co-owner of the Selkirk Pharmacy. He said he wants to bring a more personal touch when it comes to treating his patients.

"I am able to spend more time talking to patients and really figuring out their problems," Ruprai said. "If someone is having a sinus problem, I can spend 10 or 15 minutes with them reviewing their medical history, maybe suggest something different."

Ruprai said since his pharmacy is independently owned, it allows him to spend more time with his patients, and create a more personal relationship. He can also communicate with a person's physician directly, since his pharmacy is located inside the same building.

Betty Dovaus, who has called Selkirk home for seven years, said that she's happy there is now a pharmacy close to her doctor's office.

"It's wonderful ... I can't really move

RECORD PHOTO BY JUSTIN LUSCHINSKI

Indy Ruprai, the co-owner of the new Selkirk Pharmacy inside of the Selkirk Medical Centre, says he wants to bring a more personal touch when it comes to treating his patients.

that much, so it's very helpful that I can just get my prescription filled here ... I'm not sure if everyone else will see it that way, but I do," Dovaus said.

Dovaus added that she mostly gets

her prescriptions from the Shoppers Drug Mart in Selkirk. She is not sure if she will switch over to Sel-

kirk Pharmacy just yet.

Ruprai said that the most important thing that customers need is someone who will advocate for their health.

"The most important thing is that I'm here to be an advocate for their health," Ruprai said. "I'm on their side to help them with their medication issues ... Not every patient has that advocate, but people here will be getting a health care professional that will be concerned for them."

Ruprai used to work for a large pharmacy corporation in Winnipeg. Due to the large number of patients, he said it didn't give him an opportunity to form relationships with any of them. He started his own pharmacy to hopefully develop those connections.

# Drawing for Selkirk woman 'helps bring light into dark situations'

By Lindsey Enns

No matter what's going on in Courtney Savoie's life, she knows putting ink to paper and drawing is a safe creative outlet for her.

The 30-year-old Selkirk resident has been drawing since she was a little girl and she said it's really helped her when it comes to living with bipolar disorder.

"It's helped a lot. It's definitely made life better and good for me," Savoie said while sitting inside of the Gwen Fox Gallery last Thursday. "It's a safe outlet for me, for my creativity."

"It's a safe and good way to express myself and it's very fun. I love working with black and white."

Savoie's first art show is being held at the Gwen Fox Gallery until Oct. 27. The show entitled "Eye of Ra" includes about 40 of her ink creations from over the years.

"My main medium is ink," she said. "The art's really a reflection of how I experience things."

"It displays a lot of the craziness of the creativity, the mania that I experience from being bipolar."

A reception for the show is being held on Saturday, Oct. 14 from 1 p.m. to 3 p.m. at the Selkirk gallery.

Savoie said she credits her art and creativity for giving her a positive outlook on life.

"It's getting it out onto paper and seeing it and you can see and reflect back on who you really are at this point in time and what's taking place and you find meaning in areas you didn't know you could find meaning," she said, adding she encourages others living with a mental illness to explore their creative side. "It helps bring light into dark situations and I think it's very therapeutic and you find out stuff about yourself that you didn't know was there."

"You find good in yourself."

For Savoie, her drawings are like a map of how far she's come and different instances in her life. She has also written a book about her experiences living with bipolar disorder that she hopes to release sometime in 2019.

"Sometimes dealing with the bipolar and the mania has triggered a lot of energy of creativity and it just needs to be done," she said. "It kind of motivates me too even though it is an illness."

"I'm very good at making light of a situation."

The Gwen Fox Gallery is located at 250 Manitoba Ave.

The gallery is open Tuesday through Saturday from 11 a.m. to 4 p.m. and is closed on Sunday and Monday.

RECORD PHOTO BY LINDSEY ENNS

Courtney Savoie of Selkirk holds up one of her drawings entitled "losing my reflection" outside of the Gwen Fox Gallery last Thursday. The 30-year-old artist is hosting her first art show at the local gallery this month.

# Fire Prevention Week

October 8-14, 2017

Every Second Counts:  
← PLAN 2 WAYS OUT! →

## Reduce cold-weather fire risk

Plenty of things heat up when the temperature drops, including the risk for fire hazards. Fireplaces, stoves, heating systems, candles, and even electric lights are used more often during the winter than any other time of year, so it makes sense that the risk of home fires increases when the mercury drops.

The U.S. Fire Administration says 905 people die in winter home fires each year. Cooking is the leading cause of all home fires and contributes to around \$2 billion in property loss each year. Understanding potential risks and exercising caution can help homeowners protect themselves, their families and their homes from fire.

**Cooking**  
Home heating fires peak between the hours of 6 p.m. and 8 p.m., when many people are home preparing dinner. The following steps, courtesy of the American Red Cross, can improve safety in the kitchen and reduce the likelihood of a home fire.

- Never leave cooking food unattended, as it can take just seconds for fires to ignite.
- Keep anything that can catch fire away from the stove or other appliances that generate heat.
- Clean regularly to prevent grease buildup.
- Make sure appliances are turned off before leaving the room or going to bed.

Homeowners can reduce their risk for home fires in various ways.

**Heating**  
The National Fire Protection Association warns that heating is the second leading cause of home fires, deaths and injuries in the United States. The NFPA offers these safety guidelines.

- Install heating appliances according to manufacturers' instructions or have a professional do the installation.
- Fuel-burning equipment needs to vent to the outside.

- Never use an oven to heat a home.
- Keep anything that can burn away from heating equipment, including portable space heaters.
- Clean and inspect heating appliances regularly.
- Turn off portable heaters when leaving the room or going to bed.

**Electric**  
The National Safety Council estimates that between 600 and 1,000 people die each year from electrocution. Electricity also can contribute to home fires. The Energy Education Council offers these safety suggestions.

- Never force plugs into outlets.
  - Check that cords are not frayed or cracked. Do not run cords under carpets or place them in high-traffic areas.
  - Use extension cords only on a temporary basis.
  - Make sure light bulbs are the proper wattage for fixtures.
  - Install ground fault circuit interrupters in kitchens, baths, laundry rooms, and elsewhere, making sure to test them regularly.
  - Check periodically for loose wall receptacles and loose wires. Listen for popping or sizzling sounds behind walls.
- Home fires are no joke and can be prevented with simple safety checks.

Thank you to all our Volunteer Fire Fighters!

**Plan 2 Ways Out!**  
Fire Prevention Week | Oct. 8-14, 2017

How fast does fire move? Very fast. You could have less than 2 minutes to get out safely once the smoke alarm sounds.

7 steps to practicing your escape plan

- 1** Draw a map of your home. Include all doors and windows.
- 2** Find two ways out of every room.
- 3** Make sure doors and windows are not blocked.
- 4** Choose an outside meeting place in front of your home.
- 5** Push the test button to sound the smoke alarm.
- 6** Practice your drill with everyone in the home.
- 7** Get outside to your meeting place.

For more information about escape planning, visit:  
www.usfa.fema.gov and www.firepreventionweek.org.

# 'Hunting The Interlake' creator garners online following

By Jeff Ward

Over the last four years, 22-year-old Keevin Erickson has built a following on the social media platform Instagram with his hunting and wildlife account, "Hunting The Interlake." What began as a hobby has now turned into something entirely different now that his account has nearly 350,000 followers.

Erickson explained that when he started posting his photography on Instagram, it was really just about having fun on an emerging photo sharing platform. He enjoyed how simple and easy it was to share his photos and experiences with his friends but quickly began to realize that he was reaching more than just the people he knew. In the fall of 2013 Erickson decided to start a new page to share exclusively hunting posts. As he learned the system and how to use hashtags to connect his posts with the world, his following grew to epic proportions. Hunting The Interlake now has 348,000 followers with posts rou-

tinely getting more than 1,000 likes. To put that in perspective, the official Instagram account for the Winnipeg Jets has only 251,000 followers.

"I never thought that the page would get this big," said Erickson.

"But it kind of became an addiction because you'd open the app and see 100 new followers and that's very exciting. So you try to find things to post that people are going to like and that will increase that number. I was spending hours and hours a day on my phone posting and talking with other accounts to share our stuff and cross promote."

Erickson posts viral content, hunting memes and original content that he shoots himself or that is sent in from fans. And yes, his page has fans, thousands of them. Erickson said that his followers send him photos to post all the time asking to be showcased on his page. And it's not just fans that want in on the action, it's brand name hunting equipment companies as

RECORD PHOTO BY JEFF WARD

Keevin Erickson has an online Instagram account with just under 350,000 followers. His page has been seen by people around the world and has opened new doors for him to explore, including being apart of the TV show "The Real Deal."

well.

Erickson said he's been approached by many brands to do advertising spots and he's taken them up on it. And he's even had offers from people to buy his account from him for cash.

"They will want you to post some of their product or put their link in your bio. Mossy Oak is one of the brands I've worked with and they actually wanted me to help gain them followers on their page. The owner and I talk often, it's pretty crazy to think about how this came from an Instagram account," said Erickson.

Mossy Oak has annual revenues in the tens of millions of dollars.

Recently Erickson has connected with Marc McNay, host of the WildTV show, The Real Deal. Erickson has been filming his hunts since last win-

ter. A caribou hunt last Christmas was recently featured on the show. The hunts he is filming this year will be used for the upcoming season of the show.

Erickson is attending the University of Manitoba full time, studying Environmental Studies and Wildlife Management. In spite of being very happy with the direction his life is taking outside of school, Erickson is focused on completing his post secondary studies. He said he would like to be involved in outfitting or guiding, but that the lure of television and his growing Instagram account could be another avenue.

"My next goal for the page is to hit half a million followers," said Erickson.

# Veterans association celebrates 100 year anniversary

By Justin Luschinski

The John Osborn Veterans Club Unit #1 of the Army, Navy and Air Force Veterans in Canada (ANAVETS) celebrated their 100 year anniversary with a special gathering in Winnipeg on Sept. 22.

William Todd is president of the Unit 1 Veterans Club. His brother, George Todd, was the president before him, and he fought in the Second World War. Todd says that his brother's service is what inspired him to keep the club going.

"I didn't go overseas or anything like that, I was too young at the time. My brother was over there, and he fought quite a few times. The worst time he was wounded, it was in Italy, he was throwing grenades back and forth. He tried to throw a grenade away from his trench, and he was injured. He came home, and helped run this club, so I work hard to keep it open. For him, and for other veterans," Todd

said.

Todd said that it's becoming harder to keep veteran clubs like this open, as many of the younger veterans and soldiers don't come out to places like the Unit 1 club. Their membership is also getting smaller, as more and more veterans from the Second World War start to pass away.

Al Dunham, the Dominion Vice President for ANAVETS, said that these organizations give veterans an opportunity to deal with the psychological harm that comes with serving in the military.

"It gives someone the chance to talk to someone who knows what they've experienced. Someone who understands them. It gives them a chance to help their fellow soldiers out, without a lot of judgement," Dunham said.

In a release, ANAVETS command units in Brandon, Portage La Prairie, Fort Gary as well as Selkirk congratulated the veterans unit on reaching

this major milestone.

## Diabetes Canada launches door-to-door campaign

Submitted

Each fall, volunteers from across Manitoba step forward to help raise funds and awareness for a growing Canadian health crisis.

Diabetes has reached epidemic proportions in Canada, with an estimated 3.5 million Canadians diagnosed with diabetes, including more than 125,000 people in Manitoba. Support for Diabetes Canada's door-to-door campaign can make a difference in the lives of those living with or at risk of developing the disease. The campaign runs throughout the month of October in Manitoba.

"This campaign will see thousands of volunteers knocking on doors across the province to raise awareness and funds to support our mission," says Kelly Lambkin, manager, community engagement and events at Diabetes Canada. "We are extremely grateful for the support of our dedicated volunteers and our generous donors who help us continue to provide much-needed programs for people living with diabetes and to fund ground breaking diabetes research."

Volunteer canvassers will be clearly identified via buttons and lanyards and will display canvassing kits. They will be able to issue temporary tax receipts at the door (official receipts to follow) and provide information about Diabetes Canada.

Proceeds raised from this campaign will help fund diabetes research and educational programs. Additionally, proceeds go towards Manitoba's Camp Briardale, part of Diabetes Canada's D-Camps program for children and youth living with type 1 diabetes.

Watch out for canvassers in your neighbourhood as they walk door-to-door in the fight against diabetes. For more information on the campaign, to volunteer two hours of your time or to make a donation, please email door2doorMB@diabetes.ca.

> MEAL IDEAS

THE *Marketplace*  
AT SELKIRK

## Chicken Pad Thai

Servings: 4  
1 pound chicken breast  
freshly ground pepper, to taste

- 1 tablespoon olive oil
- 1 tablespoon honey
- 2 teaspoons chili garlic sauce
- 3 tablespoons rice wine vinegar
- 2 tablespoons low-sodium soy sauce
- 1 tablespoon peanut butter
- 1/4 cup water
- 1 medium zucchini, spiralized (about 1 cup)
- 2 medium carrots, spiralized (about 1 cup)
- 1 cup cooked pad thai stir-fry noodles
- 1 cup bean sprouts
- 1 cup thinly sliced cabbage
- 1 lime, quartered
- 1/4 cup unsalted peanuts, crushed

2 tablespoons chopped cilantro  
Season chicken with pepper, to taste. In large, nonstick skillet over medium-high heat, heat olive oil and cook chicken until fully cooked and juices are clear. Remove chicken from pan and allow to rest 5 minutes before slicing.

To make sauce: In small bowl, whisk together honey, chili garlic sauce, rice wine vinegar, soy sauce, peanut butter and water.

Add zucchini, carrots, rice noodles and chicken to pan; pour sauce over and toss to coat. Toss in bean sprouts and cabbage. Serve with lime wedge, crushed peanuts and cilantro.

## Baked Salmon with Peanut Butter Glaze

Servings: 4  
1 pound salmon  
1 teaspoon olive oil

freshly ground pepper, to taste  
1/4 cup peanut butter  
2 teaspoons chili garlic sauce  
1/4 cup 100 percent orange juice  
Heat oven to 400 F and line baking sheet with aluminum foil. Place salmon on baking sheet, drizzle with olive oil and season with pepper, to taste. Bake salmon 15-20 minutes until cooked through.

In small saucepot over medium-low heat, whisk together peanut butter, chili garlic sauce and orange juice, and cook until warm.

To serve, pour peanut butter glaze over salmon.

## Vegetarian Nourish Bowl

Servings: 4  
1 cup large, diced butternut squash  
16 ounces Brussels sprouts, halved  
1 medium red onion, large diced  
1/2 can (8 ounces) reduced-sodium garbanzo beans, rinsed and drained  
1 head garlic (about 10 cloves), peeled  
1 tablespoon olive oil  
freshly ground pepper, to taste  
1 lemon, juiced  
2 tablespoons water  
1 teaspoon Sriracha sauce  
1/4 cup peanut butter  
1 cup cooked quinoa  
1 tablespoon finely chopped peanuts  
Heat oven to 400 F and line rimmed

baking sheet with parchment paper. On prepared baking sheet, arrange butternut squash, Brussels sprouts, onion, garbanzo beans and garlic; toss vegetables in olive oil and season with pepper, to taste.

Roast 30-40 minutes until slightly golden in color. Halfway through baking, shake vegetables or turn over to ensure even browning.

To make dressing: Mix together lemon juice, water, Sriracha sauce and peanut butter.

To serve, top quinoa with roasted veggies, crushed peanuts and drizzle of lemon-peanut butter sauce.

## Peanut Butter Banana Overnight Oats

Servings: 2  
1/4 cup powdered peanut butter  
3/4 cup old-fashioned rolled oats  
2 teaspoons ground chia seeds  
1 1/2 cups unsweetened coconut milk  
1 teaspoon pure vanilla extract  
1/2 cup small banana, sliced  
1 tablespoon peanuts, chopped  
1 tablespoon peanut butter  
In medium bowl, stir together powdered peanut butter, oats, chia seeds, coconut milk and vanilla extract.  
Divide evenly into mason jars or storage containers and refrigerate overnight.  
Before serving, add banana slices, chopped peanuts and peanut butter to each.

INSIDE > OUTSIDE > UPSIDE DOWN

## Midget Thunder taken down by Mustangs

By Brian Bowman

The Interlake Thunder proved that they can play with the first-place St. Vital Mustangs.

But, unfortunately, they didn't make enough plays to win the game.

Interlake had a solid effort in a 39-12 road loss to the Mustangs on Saturday evening in south Winnipeg.

"We match up well with them," said Thunder head coach Mitch Obach. "But we struggled with execution and it cost us in a couple of big opportunities in the game."

St. Vital jumped out to a 10-0 first-quarter lead and then added a major with about three minutes remaining in the second quarter to go up 18-0.

"Our offence really struggled to make plays in the first half," Obach conceded. "The plays were there but we just weren't making them. Guys weren't coming down with the catch when we expected them to - little things like that."

The Thunder scored their first touchdown late in the third quarter when quarterback Carlin Doak found Justin Suitters on a seven-yard slant pattern.

That TD was set up after a great interception by Joe Rosser, who returned the ball about "40 or 50 yards."

Rosser, a middle linebacker, has been

a very good player for the Thunder all season, said Obach.

Doak later scored on a bootleg play near the Mustangs' goal line.

Obach feels that his club is not that far off from beating the Mustangs if they play at an elite level.

"I've been on teams and coached teams where you know that you're flat out outmatched and you can see it in each other's eyes," Obach said. "But I never saw that once from our guys. I never felt that they were going out there to lose. They're going out there play after play and knew that they could make some stuff happen."

All four of the Midget Football League of Manitoba teams have a bye this week before they get together for a Showcase Sunday in Transcona on Oct. 15.

Interlake (3-2) will play the Sunrise Coyotes in a noon game.

"There are no easy games on the schedule, that's for sure," Obach stressed. "If there were, we haven't come across them yet. We've seen everyone and they have all been tough to play against."

"The Coyotes are a big, hard-nosed team that moves the ball pretty well. We've had to give our best effort to get by them the last couple of times

RECORD PHOTO BY LANA MEIER

Thunder quarterback Carlin Doak (14) and Colton Nedotiafko (33) look to make a play against St. Vital.

and I doubt it will be any different this time."

The Thunder will close out their regular season Oct. 21 when they host the Falcons. All four teams make the playoffs.

## Royals 1-2 in female hockey exhibition

By Brian Bowman

Shutouts were the common theme for the Selkirk Royals girls' hockey team during an exhibition series last weekend.

Selkirk was blanked twice and wrapped up preseason play with a solid 1-0 win over the Oak Park Raiders.

Jodi Clifton was perfect in goal, earning the shutout, while making several huge saves down the stretch.

"It was a great game and a great bounce-back game after (losing 5-0)," said Royals' head coach Noah Cain in an email.

Brooke Johnstone scored the game's lone goal, assisted by Jazmyn Desjarlais.

Selkirk's five-goal loss came to the St. Mary's Academy Flames.

"It was a tough game for us," Cain ad-

Continued on page 22

RECORD PHOTO BY LANA MEIER

The Selkirk Royals' Rayley Goetz works hard as she goes after the puck during preseason action last weekend. Selkirk finished the exhibition tournament with a 1-2 record.

# Interlake Thunder teams in action last weekend

## Staff

The Interlake Thunder had a tough day on the field, losing all three minor football games in Stonewall last Saturday.

The Bantam Thunder was doubled 46-23 by the Falcons Football Club while Interlake's PeeWee team was edged 7-6 by the Sunrise Coyotes.

The Thunder's Atom team, meanwhile, was defeated 24-14 by the Falcons Football Club.

There was no score posted on the league website at press time for the

Crunchers' game between Interlake and Sunrise.

This Saturday at noon, the Thunder will visit the St. James Rods for an Atom game while the Interlake Crunchers will battle the Transcona Nationals at Investors Group Field. Kickoff is 6:30 p.m.

The Thunder website also shows the Crunchers playing at the St. Vital Mustangs on Sunday (noon) while the Bantams will take on the Eastman Raiders at 12:30 p.m.

RECORD PHOTOS BY LANA MEIER

The Thunder's Geordie Hay of Clandeboye looks to take down a Falcons' player during Bantam action.

## > ROYALS, FROM PG. 21

mitted. "We were outworked in this game and outskated. We couldn't get much going offensively and had a hard time getting the puck out of our zone."

Selkirk started weekend play with a real good effort in a 1-0 loss to College Jeanne Sauve.

"We played well in this game," Cain noted. "We had lots of zone pressure but didn't capitalize on our scoring chances."

"A couple of long shifts threw us out of rhythm and we gave one (goal) up in the second."

Overall, the exhibition games were a great way for many of the Royals' younger players to get used to playing together. Selkirk has just three Grade 12 players – Cassidy Ilchena, Kaite Seed and Jenna Truthwaite – on this year's roster

"It was good to get back on the ice and see where we're at," said Cain. "We had a couple of defence out with injuries and that put lots of pressure on our blueline."

Cain has high expectations for this year's group.

"We're going to be a good skating team that works hard and uses our size to dominate the play," predicted the Royals' head coach. "I think we have a chance to make a solid run in the playoffs if we work hard in practice, focus on playing the right way, and keep improving."

The Royals have been placed in the Winnipeg Women's High School Hockey League's "A" division for this season. The league's scheduling meeting took place Tuesday evening and the regular season begins Oct. 12.

The Thunder's Daniel Harris (96), Melody Debreuil (64), Peyton Hamilton (55) and Dalla Batenchuk (61) played a strong defensive game during the PeeWee's 7-6 loss to the Sunrise Coyotes last Saturday.

# Selkirk stomps Satelites in KJHL action

By Brian Bowman

The nice thing about this year's edition of the Selkirk Fishermen is that a

lot of players on the roster can score goals.

The Fishermen proved that in Sun-

day's dominating 8-3 home win over the North Winnipeg Satelites. Eight different players scored in Selkirk's preseason win.

Selkirk, which trailed 2-1 after the first period, received goals from Josh Poponick, Harley Hoydalo, Dawson Courchene, Damien Catcheway, Ben Kelly, Talon Kelly, Darian Morris-Izard, and Jeremy Thomas.

Kelly was very good in the win, finishing with five points.

Nico Lisi, with a pair, and Nic Doerksen replied for North Winnipeg. Fishermen netminder Austin DeBoer

faced 19 shots in the win.

Selkirk wrapped up its preseason last night with a road game against Arborg in Gimli. No score was available, however, at press time.

The Fishermen will open its regular season Saturday (8 p.m.) against Lunder in Warren. Selkirk will then play the Satelites again next Tuesday in north Winnipeg.

The Fishermen will play its first four regular-season games on the road before they host Fisher River on Oct. 20 at the Rec Complex.

# Royals spiked with playoff losses at home tournament

By Brian Bowman

The College Jeanne Sauve Olympiens are the No. 1 ranked MHSAA "AAAA" varsity girls' volleyball team in the province.

And CJS proved that lofty ranking after winning the 16-team Royal Rumble last Saturday in Selkirk.

The Olympiens did not lose a match all weekend, including beating MBCI in the final.

CJS also defeated the Selkirk Royals 2-1 in a quarter-final matchup by scores of 25-23, 17-25, 15-8. The Olympiens stormed out to a 9-3 lead in the third set.

"It was a tough game against CJS," said Royals' co-coach Jamie Yuzdepski. "We were right with them and the first set at 25-23, you can't get much closer than that."

"It was a bitter loss but we played very well and to lose playing very well is OK. The girls held their heads high but it was a tough (loss) to swallow, for sure."

Playing a top-ranked team like CJS gives Selkirk a good gauge as to where they are now – and where they need to be – in two short months.

"When you play these elite teams this early in the season, it gives the girls motivation to train harder and see where they're at against these

elite teams," Yuzdepski said. "We always keep saying that it all comes down to one game and that game is December 4."

After that CJS loss, Selkirk was downed 2-1 (19-25, 26-24, 15-7) by Brandon's Vincent Massey Vikings on the consolation side of the "A" bracket.

The Royals did not play well, said Yuzdepski, and came out very flat in the surprising loss.

Earlier in a four-team round robin, Selkirk was 2-1 in matches and 5-2 in sets. The Royals swept Sturgeon Heights (25-19, 25-7) and Steinbach Regional (25-11, 25-7) but lost to the Portage Collegiate Institute Saints (25-20, 23-25, 12-15).

"We played some good volleyball," Yuzdepski said, noting Royals' middle Asha Gurney and libero Janet Clegg played some fantastic volleyball this past weekend.

"But we lost to Portage and we shouldn't have had. Portage is a great team and they definitely deserved that win but we should have (beaten) them but we didn't."

Selkirk played MBCI last night in KPAC action but no score was available at press time. The Royals, 2-0 in league play heading into that game, will host Garden City at the Comp next Wednesday.

Steelers' forward Nate Halvorsen was one of two runner-ups for the MJHL player of the week award.

## Halvorsen named runner-up for MJHL player of the week award

Staff

Selkirk Steelers' forward Nate Halvorsen was one of two runner-ups for the Recycle Everywhere MJHL Player of the Week award.

Halvorsen scored three times and added an assists in last Friday's 5-4 win over OCN. He completed his hat trick with the game winner in overtime.

The next night, the 19 year old had a second-period power-play goal in the Steelers' 5-4 loss to the Blizzard.

Halvorsen now has four goals and three assists through Selkirk's first four games of the season.

Steinbach Pistons' captain Braden Purtill was named the MJHL's top player last week after scoring four goals in a 5-0 win over OCN on Sun-

day. He now has five goals after just eight games.

The other runner-up for the player of the week award was Portage Terrifiers' forward Chase Brakel.

In other news, the Steelers announced that Michael Roy has returned to the organization as head equipment manager.

Roy most recently spent the last three-plus years as head equipment manager for the Western Hockey League's Lethbridge Hurricanes.

Prior to his stint in Lethbridge, Roy was the road equipment manager for the Winnipeg Jets and Winnipeg Blue Bombers.

Roy learned his trade as an apprentice with the Steelers in the early 2000's.

# Steelers split weekend games with Blizzard

By Brian Bowman

Nate Halvorsen is a highly-skilled player that has the potential to rip up the Manitoba Junior Hockey League on any given night.

On Friday evening against the OCN Blizzard, the talented Steelers' forward proved his offensive potential.

Halvorsen scored three goals and added an assist in a 5-4 Selkirk win over OCN at the Selkirk Rec Complex.

"He's a dominating presence and he actually had a pretty good game last night as well," said Steelers' head coach Dustin Hughes Sunday afternoon. "All weekend, I thought that line was very good."

Halvorsen scored twice early in the third period and then added the game winner at 2:56 of overtime to lift the Steelers to the comeback win.

"It was a big win," Hughes said. "I thought the boys played very well at home Friday night and I think we played really well for about 58 minutes Saturday night as well."

"From my perspective, I thought we controlled the majority of the play against a good OCN team that (was) 4-0-1."

Selkirk trailed 2-1 after 20 minutes on Friday and 3-2 after two periods.

Carter Barley scored a first-period goal for the Steelers and then Colby Dudek tallied at 19:09 of the middle frame.

Daylon Campbell (two), Daniel Chartrand and Lantz Hiebert replied

for OCN. Hayden Dola made 33 saves for the win.

On Saturday, the Blizzard hung on for a 5-4 win over the Steelers at the Rec Complex.

OCN grabbed a 3-0 first-period lead on goals by Thomas Hansell, Tony Apetagon and Brady Valiquette despite getting outshot 17-6.

"We completely dominated the first period and before we know it, we're down 3-0," Hughes lamented. "It's unfortunate, it's perplexing, but sometimes that stuff happens and, to be honest, I'm quite happy how the group handled it. We battled back and got ourselves back into the game."

Halvorsen put the Steelers on the board early in the middle frame and then Connor Barley pulled the Steelers to within a goal at 12:40 of the period.

Selkirk's Nico Labossiere tied the score at 3-3 at 5:15 of the third but OCN regained the lead just 1:33 later as Anthony Keeper tallied while Selkirk was on the power play.

The Blizzard's Matthew Greening and the Steelers' Nathan Hillis then traded goals. Hillis' goal came with 34 seconds remaining in the third and made for a very exciting finish.

"We had a couple of chances to make it 5-5," Hughes recalled. "But their goalie made a huge save at the end with literally a second left on the clock. It wasn't meant to be but I think progress was made this week."

RECORD PHOTO BY BRETT MITCHELL

Steelers' forward Nico Labossiere splits through a pair of OCN defenders during MJHL action Friday at the Selkirk Rec Complex. Selkirk won the game 5-4 in overtime.

Friday's win was a big one for Selkirk, which lost its first two regular-season games to Steinbach, and is now 1-3 on the season.

"The first weekend was a bit of a write-off for various reasons and circumstances," Hughes said.

The Steelers will now hit the road for three games this week. Selkirk was

in Waywayseecappo this past Tuesday and then will visit Neepawa on Saturday.

On Sunday, the Steelers will play the Capitals in Virden.

Selkirk's next home game is this coming Tuesday when it hosts the Winnipeg Blues. Game time is 7:30 p.m.

## Royals run well at KPAC cross country race

Staff

The Selkirk Royals ran well at a KPAC cross-country event last week in Winnipeg.

In the varsity girls' race, Selkirk's Alexa Scott finished third with a time of 18:52, which was 59 seconds slower than River East's Angela Kroeker, who was first.

Scott was followed by Selkirk teammates Asha Gurney (sixth - 19:21),

Charlotte Wilmott (ninth - 19:49), Katherine Jessop (15th - 21:39), and Lily Robertson (25th - 24:51).

As a team, the Royals paced second with 30 points. River East was first with 26 points.

In the varsity boys' race, Selkirk's William Miller was eighth after a time of 21:00. Garden City's Matt Klassen won the race in a time of 19:26.

In junior varsity boys' action, the

Royals' Heath Kurys placed third after crossing the finish line at 15:05.

That was behind only Garden City's Josh Gonzalez (14:50) and William Boyle (14:51).

Other Selkirk runners featured Hunter Gaborieau (ninth - 17:08), Jamin Anderson (20th - 18:45), and Terrence Tonj (21st - 19:20).

The junior varsity girls' race, meanwhile, saw the Royals' Lucia Gallo

Garcia place 10th after a time 16:16. She was followed by teammates Lea Girard (23rd - 19:33) and Kiera Dawson (31st - 23:07).

KPAC will host its final series of races next Wednesday at Bird's Hill Park. The races will begin at 4:30 p.m.

The MHSAA cross-country provincials will be held Oct. 11 in Winnipeg.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Level: Intermediate

#### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

7	6	4	9	5	8	1	3	2
5	2	1	9	3	7	8	4	6
8	3	9	2	4	6	7	5	1
9	7	6	3	1	5	4	8	2

**LAKE LINE RAILROAD INC.**

Lake Line Railroad Inc. ("LLRR") has made application to the Motor Transport Board of the Province of Manitoba to discontinue rail operations on the Gimli Subdivision (formerly known as the Winnipeg Beach subdivision) and on the Lac du Bonnet Subdivision pursuant to sections 33 and 34 of The Provincial Railway Act (the "Act").

As part of the discontinuance process, and as contemplated by the Act, LLRR will offer for sale the following rail assets:

(a) that portion of the railway line and right of way from approximately mile 25.0 on the Gimli subdivision and extending northward to the termination of the right of way at a point immediately south of the Diageo PLC plant located in Gimli, Manitoba, at approximately mile 58.0 of the Gimli subdivision, being approximately 33 miles of right of way and trackage; and

(b) that portion of the railway line and right of way known as the Lac du Bonnet subdivision from a point in the Town of Beausejour and extending eastward approximately nine (9) miles to Molson, Manitoba where the said subdivision connects with the Canadian Pacific Main line, being approximately 9 miles of right of way and trackage.

Pursuant to s. 34.2(5) of the Act following the expiry of sixty (60) days from the publication of this Notice LLRR shall advertise the process by which the rail assets described above will be offered for sale.

**ANNOUNCEMENT**  
**IN MEMORIAM**

**Vanessa Faith Laye**  
October 13th, 1988 - October 5th, 2016  
Vanessa,  
Thank you for the love you gave us,  
Thank you for the love we shared;  
We only pray that when you left us,  
That you knew how much we cared.  
You are forever loved and terribly missed.  
-Love Mom, David, Serena, Connor and Parvati

**ANNOUNCEMENT**  
**IN MEMORIAM**

**Lena Meger**  
October 6, 2013  
Your life was a blessing,  
Your memory a treasure;  
You are loved beyond words,  
And missed beyond measure.  
-Love always, Doug, Tanis,  
Roger, Kim, Michele and families

**ANNOUNCEMENT**  
**IN MEMORIAM**

**Les Clifford (Dryden)**  
January 3, 1975 - October 8, 2014  
Remembering you is easy,  
We do it every day;  
But missing you is the heartache,  
That never goes away.  
-Love, Mom and Dad (Al);  
brothers Dean (Medea), Kevin (Lindsay),  
Jordan and families

**ANNOUNCEMENT**  
**IN MEMORIAM**

**Sophie Malegus**  
In loving memory of our dear  
Mother, Baba and Great-Baba  
who passed away  
20 years ago, October 5, 1997  
Mom, so many changes since you have been gone.  
Your children are 20 years older and the grey  
In our hair shows how time has flown.  
The grandchildren are all on their own, living  
their lives.  
Your last granddaughter just got married this  
summer. She looked gorgeous!  
The eldest great-grandchildren are pursuing  
their dreams  
And we have two little ones that you would  
just love to pieces!!  
Dad is with you now and you are both free of  
your pain.  
We love you,  
You are forever in our hearts.  
Vichnaya Pamyat  
-Love from your family

*There is a link death

**CARDS OF THANKS**

Thank you so much to all who contributed kind expressions of sympathy with the passing of our beloved Ron. We are so grateful for the beautiful cards, flowers, delicious food, charitable donations, heartfelt phone calls, and condolences. Also, thank you to the emergency unit at the HSC, Selkirk Home Care, and Gilbert Funeral Home for your support and care. -Sincerely, June Fewchuk and family

**ANNOUNCEMENT**

**IN MEMORIAM**

**Ted Hall**  
September 26, 2009  
Eight years have come and gone  
Since you left us brother.  
Miss you and still thinking of you.  
You were always a hard worker and  
We know you are with God.  
-Brother Tracy and Henry

**ANNOUNCEMENT**

**IN MEMORIAM**

**Bernice Gooley (Besyk)**  
July 9, 1935 – October 10, 2011  
Days go by, life goes on,  
A constant reminder that you are gone.  
Wishing we could see your face,  
Instead our memories take its place.  
-Sadly missed by your daughters  
Charlene Samagalski,  
Darlene Swain and their families

*Our memories of you will live forever ~  
Engraved within our hearts*

**ANNOUNCEMENT**

**IN MEMORIAM**

**Myles Brown**  
October 7, 1988 – October 3, 2016  
One year since we've seen your smile,  
Heard your laugh, touched your face.  
We hold you close in our hearts  
And feel your presence with us daily.  
You are dearly missed my angel .  
- Love always Mom, Dad, Danielle, John,  
Matthew and Dallas

**Father to son.**

Remembering you is easy,  
I do it every day;  
But missing you is a heartache,  
That never goes away.  
Forever in my heart, you are always with me.  
- Love forever, Dad

**ANNOUNCEMENT**

**IN MEMORIAM**

**Steve Lister**  
December 11, 1919 – October 8, 2008  
In loving memory of a wonderful  
husband, father, grandfather,  
and great-grandfather  
No longer in our lives to share,  
But in our hearts you are always there.  
Silent thoughts of times together,  
Memories that will last forever.  
Each of us have our own special way,  
Of remembering you with love today.  
We miss you lots!  
-Love from your wife Elsie, children  
and families

**Express your Thanks  
with a message in  
the Record**
